**Please ensure that an Air Quality Notice of Violation is issued to the burn agency or persons responsible for this pollution/smoke emission event if they are found to be creating unhealthy smoke impacts to persons. Please keep me informed of the outcome of my formal smoke/pollution complaint. Please do not try to dissuade me that this is just a temporary prescribed burn and it's just something we need to live with. The human lung is not smoke adapted. We have a right to Clean Air.**
